

Technitube 20 bar

Flexible PVC hose
Reinforced by durable textile thread
Protective inner layer in PEE polyester elastomer
Exterior layer resistant to wastage and UV proof
Working and Burst Pressure (WP & BP) at 23°C

Temperature range: -15°C to 60°C

Applications

Spraying machines
Compressed air for heavy usage
Chemical products, abrasives, oil fuel at room temperature

Diameter (mm)	Bending radius (mm)	Weight (g/m)	Working Pressure (bar)	Burst Pressure (bar)	Reference	Coil length (m)
6 x 11	60	86	20	70	TE06	50
8 x 14	65	130	20	70	TE08	50
9 x 15	65	143	20	70	TE09	50
